

お見舞い

2024年1月1日に発生しました石川県能登地方を震源とする地震で被災されました本学会及び関連学会会員の皆様に心よりお見舞い申し上げます。余震が続く中、さぞや不安な時を過ごされていることと思量いたします。皆様とご家族がご無事で、一日も早く日常生活を取り戻せますことを願っております。

2024年1月2日 日本動物考古学会会長 佐藤孝雄

Message of Our Sympathies

We would like to express our deepest sympathies to all the members of our society and related societies who were affected by the earthquake that occurred on January 1, 2024, with its epicenter in the Noto region of Ishikawa Prefecture. As the aftershocks continue, we understand that you are going through a very anxious time. We sincerely hope that you and your families are safe and that you can return to your daily lives as soon as possible.

January 2, 2024 President of the Japanese Society for Zooarchaeology Takao Sato
